

Let's go to the Science Museum of Virginia!

At the Science Museum of Virginia, there are many exhibitions and labs to explore. When I get to the Science Museum, I will wait in line to buy our tickets. I will be given a sticker to put on my shirt or jacket.

The people I am with can look at a map on their phone (from smv.org/map) or we can ask for a paper map to help us explore the Science Museum. I can also ask for a copy of the Curiosity Guide to help me plan my visit. There are signs around the Science Museum to help me find my way.

TICKETS

We can buy tickets to see an astronomy show or a giant screen film in The Dome. These shows are about 40 minutes long and are shown in a dark theater. It can be loud, so I can wear my headphones if I want.

I can eat a snack I brought with me, visit the vending machines or purchase food in the cafe located in the Rotunda.

To help keep the Science Museum clean, food and drinks are not allowed in the exhibitions.

If I need to visit the bathroom, I will ask my group or family for permission so that everyone knows where I am and I feel safe.

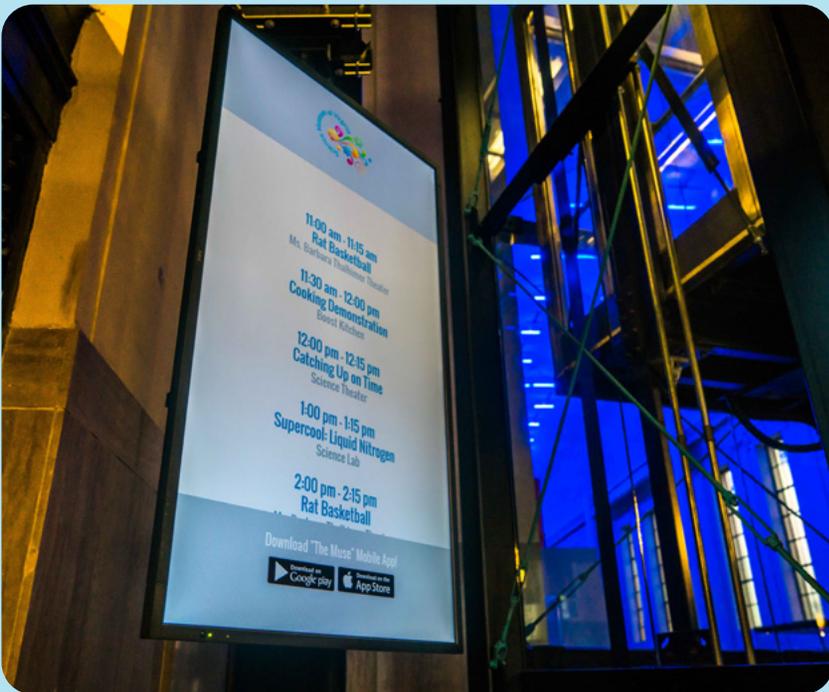

Quiet
Zone

The Science Museum can be a loud place.
I can always wear my headphones or ask
to go to a quiet place.

I can visit many areas of the Science Museum. I can draw in the Art Lab, look through a microscope in the Eco Lab, look at animals in the Animal Lab or participate in a Maker Challenge in *The Forge*. If I don't want to do these things, it is ok. I can also stay with my group and watch.

I will check the daily schedule on the screens in the Science Museum to see what I can do during my visit.

For my safety, I will not run in the Science Museum and will stay with my group or adult.

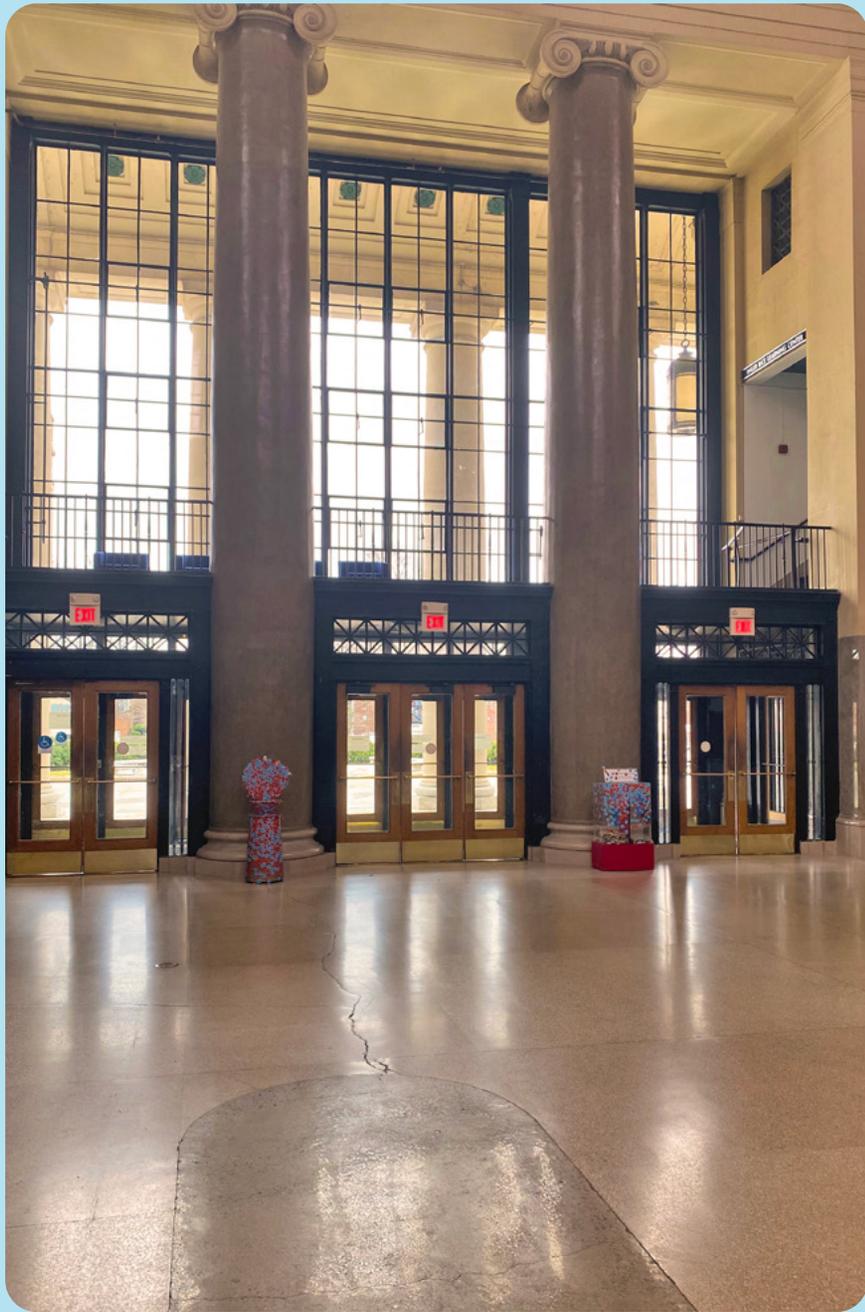

Staff members wear black uniform shirts and volunteers wear blue t-shirts. I can ask them questions about science or the Science Museum. I will wait my turn to ask my question. This will make everyone feel happy.

The gift shop is a great place to shop. It is located in the Rotunda. Here I can purchase an item to take home as a memory of my visit to the Science Museum.

When it is time to leave the Science Museum, I will exit through the doors in the Rotunda.

I had so much fun visiting the
Science Museum of Virginia!
I can't wait to come back!
